- The X-ring will not be utilized in USA Archery state indoor round.

8. Bow Divisions

The USA Archery South Dakota State Indoor and State JOAD Championships will follow equipment rules set out by USA Archery and World Archery. Archers are responsible for knowing and complying with all equipment rules. Archers not complying with rules of competition are subject to disqualification from event.

ARCHERS PLEASE NOTE- All archers must comply with equipment regulations, including arrow diameter. USA Archery follows World Archery rules on archer's equipment including arrow diameter. As per World Archery Rules Book 3 Chapter 11 Section 1.7.1:

"An arrow consists of a shaft with a tip (point), nocks, fletching and, if desired, cresting. The maximum diameter of arrow shafts shall not exceed 9.3mm (arrow wraps shall not be considered as part of this limitation as long they do not extend further than 22cm toward the point of the arrow when measured from the throat -nock hole where the string sits - of the nock to the end of the wrap); the tips (points) for these arrows may have a maximum diameter of 9.4mm. All arrows of every athlete shall be marked with the athlete's name or initials on the shaft. All arrows used in any end shall be identical visually, including length but not including weight and shall carry the same pattern and colour(s) of fletching, nocks and cresting, if any. Tracer nocks (electrically/electronically lighted arrow nocks) are not allowed."

Archers not in compliance with World Archery's rules on equipment or any other requirements for athletes will not be allowed to participate in this event.

For example: Easton X23's are in compliance, Easton X27's are not.
